**SUPPLEMENTAL INFORMATION DISCLOSURE STATEMENT**

Dear Sir:

In connection with the above-entitled matter, Applicant hereby proffers U.S. Patent Office Form PTO-1449, including a copy of the literature reference listed therein. The literature reference was previously submitted, i.e., with Applicant's IDS filed with the initial filing. However, the reference apparently was not considered by the Examiner as "copy not provided". Yet, a copy of that literature reference is found in the file wrapper in private PAIR.

U.S. Patent reference 5,381,113 was submitted with Amendment A, mailed March 13, 2006. Applicants are not submitting a copy of the U.S. Patent reference as the Office waived the requirement on July 11, 2003. These references are discussed in the specification. The claims in the present application are believed to be patentably distinguished over these references.

This information disclosure statement is being made pursuant to the duty of disclosure imposed by law and formulated in 37 CFR 1.56(A). No representation is made that the

information thus disclosed in fact constitutes prior art or that it is the closest prior art, inasmuch as 37 CFR 1.56(A) relies on a materiality concept which depends on subjectivity.

Since these references were previously brought to the attention of the Examiner, Applicant believes no fees are due.

In the event there are any fee deficiencies or additional fees are payable, please charge them (or credit any overpayment) to our Deposit Account No. 08-1391.

Respectfully submitted,
